

# Security Chimneys Product Bulletin

## Happy Retirement!

Thanks to recent improvements in the Security ASHT and S2100 products lines, we have decided to retire the Round Cathedral Support. The 24" Square Cathedral Support or the Insulated Reduced Clearance Support can be used as a replacement.

### ASHT Round Cathedral Support

6SCC | 7SCC | 8SCC

### S2100 Round Cathedral Support

6XSCC | 7XSC | 8XSCC

---

The **24" Square Cathedral Support (SSC24/XSSC24)** is used for flat, vaulted, or cathedral ceilings. It fits between standard 16"-on center joists and is designed to connect to both double-wall and single-wall stove pipe. An adjustable black finish trim is included.

### ASHT Square Cathedral Support 24"

6SSC24 | 7SSC24 | 8SSC24

### S2100 Square Cathedral Support 24"

6XSSC24 | 7XSSC24 | 8XSSC24

The **Insulated Reduced Clearance Support (RCS/XRCS)** is used for flat, vaulted, or cathedral ceilings and is certified to reduce clearance to combustibles. Can connect to both Double-wall and single-wall stove pipe. An adjustable black finish trim, insulation pad, and collar are included.

### ASHT Insulated Reduced Clearance Support
